¹ FY20 was the last time a specific funding level (\$905 million) was noted for EHS-CCP and Early Head Start expansion.

**FY2023 DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION,
AND RELATED AGENCIES APPROPRIATIONS ACT, 2023**
Report Language - Early Childhood Education

U.S. Department of Health and Human Services:

Child Care and Development Block Grant

The agreement directs ACF to include in future annual budget justifications amounts spent on Federal administrative expenses, including total FTE and non-personnel allocations, funded through this account.

Head Start

The agreement encourages ACF to consider the unique challenges faced by Head Start grantees in remote and frontier areas when reviewing such grantees' compliance with health and dental screening requirements as part of the Designation Renewal System. The agreement also encourages ACF to ensure that all Head Start grantees are aware of any funding opportunities, or funding otherwise available, for making capital improvements to their facilities. Further, ACF is encouraged to standardize this process so all grantees have equal opportunity to apply and are aware of priorities and eligible uses of such funds.

Preschool Development Grants

The agreement encourages ACF to support States that choose to develop high-quality and culturally competent dual immersion preschool programs and recommends a focus on training, professional development, and postsecondary education for all caregivers, teachers, and directors to meet the needs of Dual Language Learners through dual language acquisition, engaging culturally and linguistically diverse families, home language support, and culturally and linguistically appropriate assessment.

National Child Traumatic Stress Initiative

The agreement includes an increase and directs SAMHSA to ensure the network maintains its focus on collaboration, data collection, and the provision of direct services, and that new grant opportunities should not be limited to training only.

U.S. Department of Education:

Child Care Access Means Parents in School

The Department is directed to establish a flat maximum grant award reflective of the costs to provide high-quality child care to student parents, and to prioritize funding to IHEs based on the number of Pell grant recipients.
