**Child Care and Early Education in Maryland**

In Maryland, federal and state early learning opportunities serve more than 68,205 children and families, or 16% of children birth through age 5.

High-quality early care and education (ECE) is proven to dramatically improve a child’s opportunities for a better future while offering parents greater job stability and overall economic security.

**The Economic Impact**

Access to affordable, high-quality child care can increase parental labor force participation and family economic stability. However, widespread problems finding and paying for child care adversely affect both state and national economies. As a direct result of child care issues, the national economy loses $122 billion annually in the form of lost earnings, productivity, and revenue. In Maryland: The estimated annual economic impact of the infant-toddler child care crisis: $2.28 billion.

**Families Lack Access to High-Quality ECE Options in Maryland**

The high cost and limited supply of quality ECE have created serious challenges for many families.

Note: 1,2,6: These figures include beneficiaries of Head Start, Early Head Start, CCDF, MIECHV, state-funded Pre-K, and IDEA Parts B, Sec. 619 and C. In some cases, children and families are served by more than one program.

There are several early learning programs that provide working families with access to high-quality, affordable ECE opportunities, but currently the demand for care far outweighs the supply, and funding constraints leave many eligible children unserved. Each of these programs has its own eligibility requirements, purpose, and service delivery model. Together they form a mixed-delivery system that supports parental choice and aims to meet children’s individual needs.

**Child Care & Development Block Grant (CCDBG)**

- **12,544** Children Birth Through Age Five Served
- **7%** of Eligible Children Birth Through Age Five Served

Learn more about CCDBG in Maryland here.

**Early Head Start**

- **2,326** Children Enrolled
- **11%** of Eligible Children Served

**Head Start**

- **5,668** Children Enrolled
- **18%** of Eligible Children Served

**Maternal, Infant, and Early Childhood Home Visiting (MIECHV)**

- **981** Families Served

Learn more about MIECHV in Maryland here.

**State-Funded Pre-K**

- **28,986** Children Enrolled
- **20%** of three- and four-year-old children attend public ECE

**IDEA Part C**

- **8,539** Children Served

**IDEA Part B, Sec. 619**

- **9,161** Children Served

**Child and Dependent Care Tax Credit (CDCTC)**

Through the tax code, the CDCTC helps parents with the cost of work-related child care expenses.

Learn more about CDCTC here.
Federal and State ECE Funding in Maryland

Federal funding is foundational to providing ECE.

**Accessibility**

Many families struggle to find the care they need.

- 51% of Maryland residents live in a “child care desert.”
- Hispanics/Latinos and families with low incomes are disproportionately represented among those who live in a “child care desert.”
- 3% of children under age 3 receive early intervention services.

**Affordability**

The cost of ECE is too expensive for many families.

- The annual price of center-based infant care is $18,156, and home-based infant care is $11,986.
- Families receiving a CCDBG subsidy pay between $5 and $52 per month for one child in care.
- A two-parent household spends 9% of their income on child care, while HHS defines spending over 7% to be a burden.

**ECE Workforce**

Early childhood educators have some of the lowest paying jobs in the United States, earning poverty-level wages.

- $31,570 child care worker annual salary ($15.18 per hour).

**Program Quality**

Program quality varies substantially across and within states.

- Met 7/10 of NIEER’s Quality Standards Benchmarks for state-funded pre-K programs. Only 5 states met all 10 benchmarks in 2022.
- 39% of children received developmental screenings at 9, 18, and 30 months in the past year.
