Child Care and Early Education in Missouri

In Missouri, federal and state early learning opportunities serve more than 58,720 children and families,¹ or 13% of children birth through age 5.²

High-quality early care and education (ECE) is proven to dramatically improve a child's opportunities for a better future while offering parents greater job stability and overall economic security.

The Economic Impact

Access to affordable, high-quality child care can increase parental labor force participation and family economic stability. However, widespread problems finding and paying for child care adversely affect both state and national economies. As a direct result of child care issues, the national economy loses \$122 billion annually in the form of lost earnings, productivity, and revenue.⁷ In Missouri: The estimated annual economic impact of the infant-toddler child care crisis: \$1.9B.⁸

Families Lack Access to High-Quality ECE Options in Missouri

The high cost and limited supply of quality ECE have created serious challenges for many families.

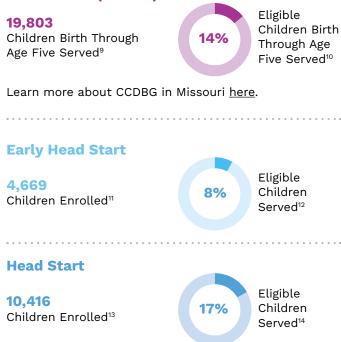

Unmet Need

Note: 1,2,6: These figures include beneficiaries of Head Start, Early Head Start, CCDF, MIECHV, state-funded Pre-K, and IDEA Parts B, Sec. 619 and C. In some cases, children and families are served by more than one program.

There are several early learning programs that provide working families with access to high-quality, affordable ECE opportunities, but currently <u>the demand for care far outweighs the supply</u>, <u>and funding constraints leave</u> <u>many eligible children unserved</u>. Each of these programs has its own eligibility requirements, purpose, and service delivery model. Together they form a mixed-delivery system that supports parental choice and aims to meet children's individual needs.

Child Care & Development Block Grant (CCDBG)

Maternal, Infant, and Early Childhood Home Visiting (MIECHV)

١	576 Families Served⁵	Learn more about MIECHV in Missouri <u>here</u> .	
	State-Funded Pre-K

Early Care and Education (ECE) in Missouri Snapshot

Federal and State ECE Funding in Missouri

Federal funding is foundational to providing ECE.

Accessibility

Many families struggle to find the care they need.

- 54% of Missouri residents live in a "child care desert."20
- Hispanics/Latinos and rural families are disproportionately represented among those who live in a "child care desert."²¹
- **3%** of children under age 3 receive early intervention services.²²

\$ Affordability

The cost of ECE is too expensive for many families.

- The annual price of center-based infant care is **\$11,059**, and home-based infant care is **\$6,297**.²³
- Families receiving a CCDBG subsidy pay between \$1 and \$115 per month for one child in care.²⁴
- A two-parent household spends **8%** of their income on child care, while HHS defines spending over 7% to be a burden.²⁵

ECE Workforce

Early childhood educators have some of the lowest paying jobs in the United States, earning poverty-level wages.²⁶

• **\$28,710** child care worker annual salary (\$13.80 per hour).²⁷

Program Quality

Program quality varies substantially across and within states.

- Met 5/10 of NIEER's Quality Standards Benchmarks for state-funded pre-K programs. Only 5 states met all 10 benchmarks in 2022.²⁸
- 28% of children received developmental screenings at 9, 18, and 30 months in the past year.²⁹

Missouri received an additional \$973M through COVID-19 relief. $^{\rm 40}$

Spotlight: ECE Successes in Missouri

COVID-19 Relief:

Throughout the pandemic, there was strong bipartisan support for federal relief funding to keep the child care sector afloat.

- As a result, **810** child care programs in Missouri received support, impacting up to **48,300** children.⁴¹
- These funds also allowed states to demonstrate what would be possible when equipped with additional resources. Funds have been used to support and stabilize the workforce through providing retention bonuses to eligible child care providers. Stipends are a maximum of \$3,000 for part-time employees and \$4,000 for a full-time employee with 18 or more months working.*

Preschool Development Grant Birth Through Five (PDG B-5):

PDG B-5 is a competitive federal grant designed to improve states' early childhood systems. In their 2023 planning grant application, among other uses, Missouri noted that they would use funding to:

- Create a Rural Child Care Innovation Program, which provides facilitation to rural communities to create local solutions action plans to address child care deserts.
- Pilot a preschool program for three-year olds that aligns with the Great Start Readiness Program.**
