

2023 Child Care and Early Education in Ohio

In Ohio, federal and state early learning opportunities serve more than 118,099 children and families,¹ or 14% of children birth through age 5.²

High-quality early care and education (ECE) is proven to dramatically improve a child's opportunities for a better future while offering parents greater job stability and overall economic security.

The Economic Impact

Access to affordable, high-quality child care can increase parental labor force participation and family economic stability. However, widespread problems finding and paying for child care adversely affect both state and national economies. As a direct result of child care issues, the national economy loses \$122 billion annually in the form of lost earnings, productivity, and revenue.⁷ In Ohio: The estimated annual economic impact of the infant-toddler child care crisis: \$3.9M.⁸

Families Lack Access to High-Quality ECE Options in Ohio

The high cost and limited supply of quality ECE have created serious challenges for many families.

Unmet Need

 **824,415** Children Birth Through Age Five³

 **21%** of Children Birth Through Age Five Living in Poverty⁴

 **66%** of Children Birth Through Age Five With All Available Parents in the Workforce⁵

 **14%** of Children Birth Through Age Five Served By Federal- and State-Funded Early Learning Opportunities⁶

Note: 1,2,6: These figures include beneficiaries of Head Start, Early Head Start, CCDF, MIECHV, state-funded Pre-K, and IDEA Parts B, Sec. 619 and C. In some cases, children and families are served by more than one program.

There are several early learning programs that provide working families with access to high-quality, affordable ECE opportunities, but currently the demand for care far outweighs the supply, and funding constraints leave many eligible children unserved. Each of these programs has its own eligibility requirements, purpose, and service delivery model. Together they form a mixed-delivery system that supports parental choice and aims to meet children's individual needs.

Child Care & Development Block Grant (CCDBG)

35,406 Children Birth Through Age Five Served⁹

Eligible Children Birth Through Age Five Served¹⁰

Early Care and Education (ECE) in Ohio Snapshot

Accessibility

Many families struggle to find the care they need.

- **39%** of Ohio residents live in a “child care desert.”²⁰
- **Rural families** are disproportionately represented among those who live in a “child care desert.”²¹
- **3%** of children under age 3 receive early intervention services.²²

Affordability

The cost of ECE is too expensive for many families.

- The annual price of center-based infant care is **\$11,438**, and home-based infant care is **\$8,919**.²³
- Families receiving a CCDBG subsidy pay between **\$126** and **\$1,392** per month for one child in care.²⁴
- A two-parent household spends **9%** of their income on child care, while HHS defines spending over 7% to be a burden.²⁵

ECE Workforce

Early childhood educators have some of the lowest paying jobs in the United States, earning poverty-level wages.²⁶

- **\$28,180** child care worker annual salary (\$13.55 per hour).²⁷

Program Quality

Program quality varies substantially across and within states.

- **Met 5/10** of NIEER’s Quality Standards Benchmarks for state-funded pre-K programs. Only 5 states met all 10 benchmarks in 2022.²⁸
- **34%** of children received developmental screenings at 9, 18, and 30 months in the past year.²⁹

Federal and State ECE Funding in Ohio

Federal funding is foundational to providing ECE.

state investment

\$383.6M • Head Start and Early Head Start³⁰

\$342.8M • CCDBG and Mandatory Funds³¹

\$7.5M • MIECHV³²

\$23M • IDEA Part C³³

\$19.8M • IDEA Part B, Sec. 619³⁴

\$420.7 • TANF Early Learning and Care Expenditures³⁵

\$16M • PDG B-5³⁶

\$66.9M • State-Funded Pre-K³⁷

\$34.4M • CCDBG State Match³⁸

\$4.8M • PDG B-5 State Match³⁹

Ohio received an additional \$1.7B through COVID-19 relief.⁴⁰

Spotlight: ECE Successes in Ohio

COVID-19 Relief:

Throughout the pandemic, there was strong bipartisan support for federal relief funding to keep the child care sector afloat.

- As a result, **6,265** child care programs in Ohio received support, impacting up to **399,300** children.⁴¹
- These funds also allowed states to demonstrate what would be possible when equipped with additional resources. Funds have been used to support and stabilize the workforce through the Hero Pay grant, where eligible child care professionals received up to \$1,200 in phase one (October 2020-September 2021) and up to \$3,000 in phase two (September 2022-February 2023).*

Preschool Development Grant Birth Through Five (PDG B-5):

PDG B-5 is a competitive federal grant designed to improve states’ early childhood systems. In their 2023 renewal grant application, among other uses, Ohio noted that they would use funding to:

- **Increase capacity to serve more than 1,200 children in rural areas**, supporting the creation of 85 new classrooms and 15 family child care programs.
- **Add a new payment incentive to programs with staff who have attained the inclusion credential**, in addition to the existing tiered reimbursement, to support programs in serving more children with special needs.**
